Welcome to Medford Lakes from Mayor Tom Cranston

It's been another beautiful spring and summer season in Medford Lakes, and as we head into fall, I'd like to take a moment to provide you with some updates on borough activities.

The relining of our sewer collection system continues, and we expect it to be completed by the end of the year. Although the contractor has taken longer than expected to complete the project, the results have been fantastic, as our freshly relined sewer mains are "good as new." This provides some peace of mind that our most critical infrastructure system will continue to serve us reliably for years to come.

The borough applied for, and received, a grant for the redesign and reconstruction of the circle on Mohawk Trail. This has been on our wish list for a while, and we're excited to move forward on the project. It hopes to relieve the congestion with school traffic and provide a safer commute for both vehicles and pedestrians.

I would also like to acknowledge and thank the many individuals who work hard for our community, both the dedicated borough employees as well as the many volunteers who donate their time and efforts to various projects throughout town. Medford Lakes wouldn't be what it is without your efforts.

In closing, I would like to welcome Gary Miller as our Mayor for the 2022 – 2024 term. It would be difficult to find someone more involved in our community than Gary, most notably through his many years on council and his volunteer work with the Colony. I look forward to working with him and the rest of council in the coming years as we strive to do our part in keeping Medford Lakes a very unique and special place to live.

Mayor – Tom Cranston

Welcome to Medford Lakes from 2023 Colony President Mary Ann Meehan

Welcome to Medford Lakes and the Medford Lakes Colony.

The Colony is an organization designed to provide recreation and activities for all Colonists of all ages. There are 21 lakes in Medford Lakes and the Colony maintains them. In the summer the lakes are open for swimming and the Summer Camp program is available to young Colonists. MLAA provides sporting activities for Colonists of all ages throughout the year. The Women's Club and the Garden Club offer more sedentary activities as does the Senior Social Scene. These are just a few of the many social activities available to our members.

If you are looking for an active, fun filled place to live, or even a beautiful, little gem of a town nestled in the Pine Barrens, then Medford Lakes is the place for you. We welcome you and look forward to seeing you soon.
